Beginner 3

The goal of the Beginner 3 course is to enable the student to deal with various day-to-day situations, to situate events in a timeline and to answer questions and present a point of view.

The student will learn about:

- use of verbs: present perfect (“passé composé” - past tense with an auxiliary verb), imperfect tense, gerunds and simple future
- complex sentences: about purpose, cause and consequences, opposition, concession, restriction
- indefinite adjective: all, other, each, several, the same, etc.
- talking about your work or profession
- making comparisons
- expressing or reacting to an opinion
- self-expression in social situations
- formulating an invitation
- talking about the future, introducing the simple future tense
- telling a story in the past tense
